- Parents dancing
- Guests dancing
- Guests at each table
- Informal portraits

During your wedding day I will be taking candid portrait and formally posed shots in addition to the photos listed above. This helps to create a pictorial story of your wedding day and gives your wedding album a more personal feel to it. If there are any additional shots that you would like me to include please feel free to ask. It is the Bride and Grooms responsibility to nominate a person from each family to gather the required people for each of the above shots to enable all pictures to be taken in the time available. This also helps ensure that nobody gets missed out. Thank you for choosing *EDR Wedding Photography* for your special day. If you have any questions please call me at 216 381 1088 or email me [email questions](#) and I will be happy to help.
